

LABORING FOR CHRIST IN *Honduras*

THE ROLSTON FAMILY

Dear Pastor and Co-laborer,

July-August 2013

Well this has been an exciting time for us as well as our church. We have seen the hand of the Lord open doors and provide in a way that only He could.

The open door:

We were feeling a little cramped in the little storefront in which we started the church. I had been praying about what we could do. We happened upon

The new church building the Lord provided!

a two-story building that would meet our needs and allow for growth. The owner asked too much for the monthly rent, so we could not consider that place an option. Waiting patiently and praying, one of the members in the church called and said that the owner of the building was looking for us and lowered the rent within our limits. We signed a one year contract and began the process to move the church to the new location.

I was a little nervous that the move would hurt the attendance, however we have seen a steady increase in attendance and a few salvation decisions from those visiting. His way is perfect! Please pray for the growth and maturity of the believers.

"The Big Move"

The Divine Provision:

In December of last year we sent out a letter sharing our desire to purchase property for our church. We wanted to try to raise the funds without going back to the States. That allowed us to save the travel expenses and continue here in the work. In just 8 short months we have seen the Lord provide the amount we wanted to raise. In July, I signed the papers for the property! We are so very excited, not to mention the people in our church.

We are so very thankful to all the churches and individuals who prayed, sacrificed, and gave to this project. We know that each gift given was a sacrifice and we do not take them for granted. Thank you!

The Haley's visit. They were such a blessing to us and to the ministry.

Although the purchasing of this property has been a milestone in our ministry, we are moving forward, praying, planning, preparing for the construction of the church building. There is much wisdom and direction needed. Please pray with us in this specific area.

As many churches and individuals have shared interest in being a part of the construction of the church, we are making available several months of the 2014/2015 calendar year specifically to host construction groups. If you would be interested, please contact me so we are able to plan in advance and appropriately.

Because He Lives,

LeRoy Rolston and Family
